

PRIVATE EVENTS

Thank you for considering us for your special occasion! Our event team are passionate about making weddings and parties unforgettable with our delicious, award-winning Neapolitan-style pizzas.

OUR APPROACH

We typically serve four mouth-watering varieties from our mobile stone-baked pizza ovens: Margherita, Mushroom & Spinach, Pepperoni, and our signature Pig & Olive. We create a continuous, all-you-can-eat pizza buffet where your guests can indulge at their leisure, creating a relaxed and enjoyable atmosphere.

PIZZA FOR EVERYONE

We believe that everyone should be able to enjoy our delicious pizzas, so we offer options for all dietary needs. Whether your guests prefer vegan, vegetarian, gluten-free (let's chat if coeliac options are needed), or dairy-free, we've got you covered. Just let us know your preferences when you book.

We hired Pig and Olive for the evening of our wedding and they were absolutely fantastic. We received so many compliments from our guests and a few told us how nothing was too much trouble (such as doing gluten-free bases or vegan toppings... or sometimes both). Even in the build up to the day, Simon was incredibly helpful and quick to respond to all of my endless questions and requests – couldn't recommend them enough! – *Adam Maxwell*

SUSTAINABILITY FIRST

We're not just about great pizza—we're also committed to caring for our planet. That's why we're certified plastic-free and provide compostable plates and napkins for your event. After the festivities, we collect as many as possible and return them to our farm, turning them into rich compost that helps grow our fresh ingredients like basil and spinach.
